

alle persone anziane di sentirsi parte integrante della società.

Nel periodo 12-15 Dic. 2012 è stato il primo incontro del progetto organizzato a Parigi dall'associazione Elephant Musik (Francia), poi, il incontro a Messina, organizzato dall'associazione "Totius Mundi Una Domus" (Italia) - coordinatore del progetto, nel periodo 30.04-03.05.2013, ed ora è il turno della Rep. Cecca di organizzare il incontro del partenariato di apprendimento a Praga nel periodo 12-14Dic. 2013.

Grazie all'Agenzia Nazionale LLP Italia che ha dato il suo sostegno e che ha cofinanziato il progetto con fondi della Comunità Europea, grazie al Centro Servizi di Volontariato di Messina(CESV) che ha dato il suo sostegno, altre associazioni e organizzazioni che in questo periodo hanno collaborato al buon andamento del nostro progetto.I partner sperano che questo progetto offrirà la possibilità alle persone anziane, adulti, categorie svvantaggiate, regalando loro risorse per sentirsi utili nella comunità, pronti a dare il loro aiuto a quelli più bisognosi e rimanere cittadini attivi dell'Unione Europea.

CARI PARTECIPANTI,

Vi presentiamo in breve, il nostro progetto: Progetto di partenariato di apprendimento di cui l'associazione umanitaria di volontariato "TOTIUS MUNDI UNA DOMUS" di Messina è il coordinatore dal titolo "ADULT AND ELDERLY SUSTAINABLE DEVELOPMENT EDUCATION ALLIANCE (ASEA) si svolgerà per due anni nei seguenti 5 paesi partner: Italia, Danimarca, Francia, Repubblica Ceca e Cipro. Approvato nel 2012, dall'Agenzia Nazionale LLP Italia nell'ambito del programma Grundtvig, cofinanziato dalla Commissione Europea, questo progetto prevede lo svolgimento di mobilità in questi 5 paesi partner, nell'arco di due anni.

Gli obiettivi di questo progetto mirano a rinforzare l'importanza dell'educazione per lo sviluppo sostenibile, la consapevolezza degli adulti ed anziani su questo tema così toccante di cui siamo attori tutti noi. Dopo aver identificato i bisogni formativi di un gruppo target di persone, si pianificano ed organizzano una serie di corsi e workshop di educazione sullo sviluppo sostenibile per gli adulti e gli anziani, con gli argomenti delle sei aree chiave di intervento dell'UE: cambiamento climatico, la salute, l'esclusione sociale, il trasporto sostenibile, le risorse naturali e la povertà globale. Gli argomenti saranno adeguati al profilo e le esigenze quotidiane del gruppo target di persone. Un ampio piano di diffusione sarà utilizzato per promuovere le idee e valori dello sviluppo sostenibile, per migliorare la qualità della vita dei cittadini. Inoltre, il progetto cerca di contribuire alla diminuzione del gap tra le generazioni, dando possibilità

PROJECT OBJECTIVES AND STRATEGY

Main objectives of the project:

- A. A series of training courses for adults and aged people (over 60) on Sustainable Development and related issues.**
- B. To create an Agenda for Adult and Elderly People Life Long Education on Sustainable Development, and**
- c. To introduce an innovative institution in Europe, the “European Concert and Festival Sustainability Label”**

More specifically:

- 1. To increase public awareness and understanding about sustainable development (S.D)**
- 2. To make adults and older people aware that present and future generations have the right to a clean, productive, and enjoyable environment (intergenerational equity)**
- 3. To organize local surveys among the adult and elderly people, in order to identify educational needs in the field of SD, including all the aspects that comprise the content of the term**
- 4. To organize a series of training courses as a respond to the educational needs identified by the above mentioned surveys**
- 5. To improve adult and elderly people knowledge about SD and the new opportunities for employment in the «green economy».**
- 6. To involve local, regional, national and European partners and stakeholders, in the effort to improve people’s awareness on SD**
- 7. To identify the entry points for integrating education for SD into the LLP courses (i.g. environmental education, global, health, peace, citizenship, human rights, consumer and development education)**
- 8. To equip adults and elderly people with the knowledge, skills and attitudes they need to make conscious choices directed to achieving and preserving the planet on which both they and future generations are dependent**
- 9. To contribute in the effort of reducing the ecological footprint of the partners and also of the local society, using an array of different approaches towards a pro-environmental behavior**
- 10. To train a minimum number of 50 adults and elderly people (per partner) in order to make them capable of coping with everyday problems, connected with their “ecological footprint”, but also with their health and entertainment**
- 11. To utilize learner –centered, holistic and active teaching approaches in the training courses**
- 12. To introduce a «European Concert and Festival Sustainability Label», in order to facilitate the mitigation of the impacts of music concerts and festivals on the European Environment.**

Outcomes:

- Web**

 - A series of training courses for adults and elderly people on sustainable development and sustainable lifestyles. The training courses content will**
- The coordinator is responsible to organize the agenda of the project meetings,**

respond to the needs of adult and elderly people, as identified by the surveys.

- A sustainable development and sustainable lifestyles e-brochure. This brochure in an electronic form, will be published on the website of the partnership and also on the website of each partner.**
- Press releases at least one in 6 months, by each partner.**
- Reports from the transnational meetings, accompanied by pictures. Each partner in cooperation with the coordinator has the responsibility to write the report and publish it accordingly.**
- Sustainable Development Dictionary in all the languages of the partners and in the working language. The Dictionary will be available in an e-form, in the beginning of the second year of the project, and will be a common product/result.**
- The music events (concerts, festivals) complying with the ECoFeSuL,**
- Short videos from the music events will be uploaded to Youtube, in order to disseminate the message of sustainable development.**

DISTRIBUTION OF TASKS

All partners are equally responsible to keep effective communication in order to ensure achievement of the proposed objectives successfully.

All partners will form a Sustainable Development Committee to organize and implement the project activities

All partners will organize one project meeting and take care of all the necessary arrangements (requests about accommodation or meals-food allergies etc) agreed in due time by partners.

All partners are responsible to send their regular reports to their NAs and keep the official documents organized.

All partners contribute to the realization of the activities listed in the action plan: a project website, workshops, an agenda for training courses addressed to adult and aged learners, a series of lessons for elderly people in the framework of the agenda, questionnaires-surveys, evaluation, dissemination and valorization activities etc.

The “European Concert and Festival Sustainability Label” will be organized and implemented by the partners GR, FR, DK and RO.

Each partner institution will realize a file of the project in paper and another in e-form in own and common websites, including all relevant data.

All participating countries are responsible for the timely implementation of the project and the dissemination of the ongoing project outcomes and results.

All partners will provide motivation for participation of elderly people in order to participate in awareness events.

Each partner is responsible for the project management (including financial) within the institution.

All partners are responsible to write an activity report after the project meeting they have hosted, in cooperation with the coordinator.

The coordinator is responsible to inform all partners about changes in the project and take their opinion in account. The final report will be created by the coordinator based on partners’ contributions.
